Two Ukrainian moms  
with three kids  
arrived in Warsaw on  
12th March and didn't  
know where to go.  
With our help they've  
found a safe place in this  
refugee house in Poland.  
From this moment on  
they are under our wing

**The sense of doing  
something, no  
matter how small,  
can often bring  
great comfort and  
reassure children  
that they are safe  
from any danger.**
